

NHG OPEN INNOVATION CHALLENGE

NHG OIC is a platform that aims to pair clinicians with a diverse range of partners to collaborate and solve unmet healthcare needs.

Previous runs have resulted in successful outcomes, such as the formation of MedTech start ups and institutional pilot deployment of innovative solutions.

MedTech start ups

- Ultrasound guided device for lumbar puncture

- Smart mattress to prevent formation of pressure ulcers

Innovative solutions

- **SMARTVacc:** Smart vaccine system to dispense vaccines and monitor inventory

- **RadiLogic:** AI powered tool to rapidly flag Covid-19 pneumonia cases
