

Description

The objective of Coaching Tools for Educators is to equip educators with the skills and knowledge related to coaching in the clinical settings. As an educator, it is important for us to be able to adopt different roles and use different educational tools in different learning situations.

At this workshop, learners will get to explore the differences between mentoring, supervising and coaching. Essential coaching tools necessary for an effective coaching session will be highlighted and practised.

Duration

1.5 days

Part 1: Theory and practical (1 day)

Part 2: Check-in reflection (0.5 days, held one month later)

Programme Content

This programme will cover the following topics:

1. Supervising, Mentoring and Coaching
2. The G.R.O.W. model
3. Questioning skills in coaching
4. Active Listening
